

Rockwell Part

Rockwell Parts - The company of AxleTech International is a large supplier of specialty vehicle drive-train systems and parts along with off highway vehicles. They take great pride in being a preferred supplier to their customer base. AxleTech strives to meet and exceed their clients' expectations for technology, delivery, quality and service. They believe in working within an environment which supports the utmost integrity with empowered teamwork, combined with a unrelenting pursuit of results.

AxleTech International falls under the umbrella of General Dynamics. They place great emphasis on being an environmentally conscious company and offering a safe atmosphere for their staff to work in. In addition, they have applied many programs in the organization so as to help articulate these values in their business policy. AxleTech happily shares this policy and welcomes interested parties to provide them with whichever questions or comments, because they are happy to promote and share this policy with a greater knowledge of their efforts. They are extremely devoted to preserving and improving the natural environment. AxleTech has an EHS program that not just protects the environment but which even actively protects their workers and neighbors too.

AxleTech specializes in the manufacture and designing of planetary axles utilized for both military and commercial applications, which may comprise anything from airport ground support to construction equipment. They take great pride in being a ground-breaking drive-train solutions provider as well. AxleTech specifically designs axles so as to meet particular application demands. They have more than one thousand various axle specs in their present offering. With over one hundred years of experience and history, AxleTech proudly supplies the most complete solution for whichever of your axle needs. The business is well known in several commercial and military applications. They offer complete axle assemblies for aftermarket replacement needs, along with servicing axle needs for OE production. Their high mobility ISAS have further details which can be found in the "ISAS" product selection.
