Advance-Nilfisk Part - Imagine how long and tiresome it will be to clean-up after a party, with no help from machines. Not too long ago, the dust from upholstery and carpets had to be beat out of them manually; brushes, cleaning cloths and brooms were the leading cleaning products at the time.

P.A. Fisker, the man who founded Nilfisk-Advance, was an electrical engineer who loved working with electrical motors. Founding the business in 1906, he started to produce motors so as to drive machine tools, coffee grinders, drills and fans. Mr. Fisker's vision from the beginning was to own an international business advertising goods worldwide.

The Nilfisk C1 was a remarkable breakthrough for the cleaning industry. This ground breaking vacuum cleaner, invented by Mr. Fisker, weighed only 17.5 kilos and can be operated by one person. This creation came in a time where various cleaning machines were huge and required 4 or more operators, therefore, the Nilfisk C1 transformed everything and evolved the manner we clean forever. The brain behind these first cleaning machines remains unparalleled. Cleaning equipment offer an excellent solution to an ongoing crisis; stuff get filthy and should be cleaned regularly, without too much effort.

Gradually but steadily, Nilfisk-Advance grew all through the decades. During the nineteen eighties, this expansion actually occurred the time the business became a part of the NKT Group. Their new owners' drive and focus made Nilfisk-Advance take a huge leap forward within the industry, trying to be among the biggest global players in the market of professional cleaning machines. Nilfisk-Advance is now found in every part of the world by gradually acquiring numerous small businesses so as to grow their product portfolio and presence in new markets. They are proud to provide various cleaning solutions to suit each and every need.
