

Concrete Hopper

Concrete Hopper - This attachment is a self-dumping hopper that automatically starts to dump whenever bumper release touches the side of a dumpster. When dumping is finished, the hopper goes back to an upright and locked position. This piece of machinery also comes together with a cable that allows operation from the seat of the lift truck to be able to have the choice of manually unloading the hopper. There is a locking chain provided so as to secure the hopper to the fork truck. This particular product is made with reliable and consistent robotic welds for utmost strength. The lift truck dumping hopper likewise has a blue powder coat finish in order to maintain durability.
